

MIDLAND & DISTRICT
BUSINESS WOMEN'S
ASSOCIATION

The Midland & District Business Women's Association has some exciting news for businesses! We have a NEW membership level - Corporate!

What does this mean?

Currently, our membership is tied to the person who registers, usually a business owner. Sometimes, those busy owners aren't able to attend one of our valuable networking meetings, but don't want to miss out, so they ask one of their employees to go in their stead. Other times, the business owner would like their employees to attend with them, to have a chance to learn from the professional guest speakers and network with others. Under the previous system, the employee(s) would have to register as a guest, and without any of the membership privileges.

Now with the new Corporate Rate, the employee(s) are there as a full member, representing your business. What's even better, is that you can send or bring along as many of your employees each month, providing them with the opportunity to reach out to other business women, listen to and learn from our monthly guest speakers, and increase your office morale!

How much does this cost?

MDBWA Individual membership rate is \$75 for the year, with the monthly Speaker & Networking Dinner rate being \$35, and guests pay \$45.

MDBWA Corporate membership rate is \$175 for the year, with the monthly Speaker & Networking Dinner rate being \$35, and guests (non-employees) pay \$45.

As you can see, if you have at least two female employees, you save on the membership (and therefore dinner) rates.

MDBWA is so excited to be offering this new Corporate rate to our valued local businesses. Please contact our Membership Director, Cynthia Czaplá at cynthiaczapla@yahoo.ca for complete details, or visit our "Membership Information" page at www.mdbwa.com.

Warm regards,

Your MDBWA Executives
